PICK UP PET WASTE

Pet waste is a problem if not addressed. It's unsightly, contributes to water pollution and is a health risk to people and pets! Similar to littering, it is unlawful not to clean up after your dog. Police can issue citations if they witness the violation directly or if the reporting party is willing to sign a private person's arrest form. While out with your pets:

- Always carry waste bags. Bread bags, newspaper sleeves, or produce bags also work well!
- Act Promptly! Pick up after your pet immediately when in a public area to maintain cleanliness and be considerate of others.
- Dispose of pet waste in designated trash bins. Do not leave filled bags in public spaces.
