Community Input Wanted on New Service Concepts

The Development Services Department is excited to announce the launch of Phase II of the Arcadia Transit Service Assessment, a comprehensive initiative aimed at evaluating and improving the City's transit options, including both the fixed-route service and the dial-a-ride program. Building on insights gathered in Phase I, the newly developed service concepts are ready for public review and input.

In Phase I, community feedback provided valuable perspectives on current transit services, helping the City identify opportunities for improvement. Using that input, several potential service concepts were crafted to better align with the transit needs of Arcadia's residents, workers, and visitors.

Now, transit riders are invited to review these concepts and share their thoughts and opinions. There are two ways to participate:

1. Attend a Public Meeting on Wednesday, June 4, at the Arcadia Public Library, at 6 p.m.
2. Take a brief online survey, at ArcadiaCA.gov/TransitStudy, by June 6.

Whether you use Arcadia Transit regularly or are simply interested in improving transportation options in the City, your input matters. Need the survey in Chinese or Spanish? Call (626) 574-5435 or email ArcadiaTransit@ArcadiaCA.gov.

Language Survey Now Open!

Language access in Arcadia is important so information and services remain accessible to everyone, no matter what language is spoken. To do that, we need your input.

Please take a few minutes to complete Arcadia's Language Survey. Your responses will help clarify the languages spoken in our community, so we can provide better language support and meet federal requirements under Title VI of the Civil Rights Act.

Esta breve encuesta nos ayuda a comprender las necesidades linguisticas de nuestra comunidad.

参与这项简短的问卷调查有助于我们了解本市社区的语言需求情况。

Thank you for helping us build a more inclusive and accessible community! For more information, visit ArcadiaCA.gov/LanguageSurvey or call (626) 574-5415.
