Wooden Roofs

Company	Type	Approved Color	Not Approved
	Fire Treated Class A Cedar, Shakes Only, Hand Split or Resawn, Minimum 1/2" butt		All others ARB Review and Approval Only

NOT APPROVED

Any kind of oil-based products such as asphalt composition shingles, tar papers, hot mopped materials, including any Certainteed roofing shingles, no sheet metal materials, aluminum, rock roofs, plastic materials (i.e. Da Vinci materials), or any other synthetic roofing materials, and no standing seam metal roofing.

SOLAR

Roofing material beneath solar installations, other than over a tile roof, should be the same as the rest of the existing roof. Installations over a tile roof are ARB approval only as far as the material under the solar panels.
