Other	2	7
Total Incidents	118	3,564

Sunday, July 19

At 10:28 p.m., Engine 106 responded to the area of Hungate Lane and Fairview Avenue for an odor investigation. Firefighters arrived to find a smell of fuel which led them to find gasoline in the curb and gutter area. Firefighters utilized absorbent to contain the spill. Los Angeles County Health Hazardous Materials Team was called for assistance. All atmospheric readings in the area were found to be within safe limits, Arcadia Public Works crews also responded to assist with clean up and disposal of the absorbent and products collected.

Monday, July 20

At 11:03 a.m., Engine 105, Rescue Ambulance 105, and BLS 106 responded to a medical incident near the 00 block of Bonita Street. Upon arrival, Engine 105 and Rescue Ambulance 105 found a 79-year-old female with a complaint of altered mental status. Paramedics performed a series of tests on the patient and were unable to identify the etiology of the altered mental status. Fire personnel obtained a twelve-lead electrocardiogram, blood glucose check, intravenous access, and Rescue Ambulance 105 transported the patient to USC Arcadia Hospital for further treatment.

Tuesday, July 21

At 8:34 p.m., Engine 106 and Rescue Ambulance 106 responded to a medical incident near the 600 block of West Duarte Road. Upon arrival, Engine 106 and Rescue Ambulance 106 found a 65-year-old male with a complaint of a syncopal episode and dizziness. Fire personnel performed a full medical evaluation which included a twelve-lead electrocardiogram, blood glucose check, and a complete set of vital signs. Paramedics obtained intravenous access, administered oxygen, and transported the patient to USC Arcadia Hospital for further treatment.

Wednesday, July 22

At 12:36 p.m., Engine 106 and Rescue Ambulance 106 were dispatched to a medical incident at the 1400 block of Baldwin Avenue. Upon arrival, Engine 106 and Rescue Ambulance 106 found a 52-year-old male that had a complaint of general weakness. Fire personnel performed a full medical evaluation which included a twelve-lead electrocardiogram, intravenous therapy, and a complete set of vital signs. Rescue Ambulance 106 transported the patient to USC Arcadia Hospital for an evaluation.

Thursday, July 23

At 5:24 p.m., Engine 106 and Rescue Ambulance 105 responded to a medical incident at the 400 block of Baldwin Avenue. Fire personnel found a 30-year-old male experiencing an overdose of drugs. A full medical evaluation was performed, including twelve lead electrocardiogram, oxygen, and IV therapies. Advanced life support interventions were utilized to improve the patient's condition. The patient was transported by Rescue Ambulance 105 to USC Arcadia Hospital for further evaluation.

Friday, July 24

At 2:18 p.m., Engine 106, Engine 37 and Rescue Ambulance 106 responded to the Eastbound 210 Freeway at Santa Anita Avenue for a single vehicle traffic accident. Firefighters arrived to find one vehicle and a 42-year-old male driver unconscious and unresponsive experiencing seizure activity. Paramedics arrived and initiated advanced life support protocols including, twelve-lead electrocardiogram, blood glucose testing, intravenous access, medications, and transport to USC Arcadia Hospital.

Saturday, July 25

At 7:06 a.m., Engine 105 and Rescue Ambulance 105 responded to the 400 block of South Santa Anita Avenue for a reported assault victim. Firefighters arrived to find a 38-year-old male with multiple stab wounds on his upper extremities. Paramedics arrived and initiated advanced life support protocols including, management of hypovolemic shock, bandaging, twelve-lead electrocardiogram, blood glucose testing, intravenous access, and transport to Huntington Hospital.
