Ex-Assistant Manager Takes Over Post Vacated by Amory

Gene W. Wilbur is the new manager of Santa Anita assembly center.

His appointment was confirmed Wednesday by Emil Sandquist, chief of the operations section, temporary settlement office, WCCA in San Francisco.

Before the evacuation movement, Wilbur was assistant to the southern California administrator of the Works Projects administration. His headquarters were in Los Angeles.

Since the inception of Santa Anita, Wilbur has acted in the capacity of assistant Center manager. He now replaces H. Russell Amory who has been recalled to WPA due to added responsibilities incident to the public war works program.

In his former position of assistant manager, Wilbur's exacting duties confined him to his desk. As manager Wilbur will become a more familiar personage around the Center.

Wilbur is married and resides in Los Angeles.

Covering the period between June 16 and July 15, the fourth payroll totals \$57,255.45 for 6703 workers in the Center.

Workers must adhere to the schedule to obtain checks, Lambourne stated.

Net Project Rumors Killed

Rumors to the effect that the camouflage net project will close shortly were dispelled today by an announcement from William R. Towle, Works division superintendent.

Recent shipments of supplies to Manzanar may have been the cause of the rumors, Towle stated.

He explained that Santa Anita is the supply depot for camouflage net garnishing materials and has been supplying Manzanar with them from time to time.

Evacuees Face Damage Suit

To defend themselves against a \$10,250 damage suit, one resident from this Center and one from Pomona assembly center appeared in a Los Angeles superior court Wednesday.

They were Takashi Osaki, former truck driver and now at Santa Anita, and Katsuyo Takeshita, former laundry owner who is now at Pomona.

The damage suit is the result of an automobile accident in which Osaki was involved while in the employ of Miss Takeshita.

Yeiki Matsui, Santa Anita resident, passed the California state examination for pharmacists, it was announced this week.

Graduating from the University of Southern California this June, Matsui took the examination last month in Los Angeles.

An active Trojan, Matsui was president of Alpha Iota Pi, pharmacy fraternity. He lives at 29-2 Fairy Hill avenue.

Two other SC graduates residing in the Center took the same examination in April and passed it successfully.

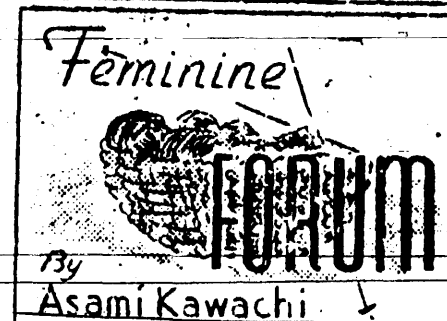

They are Naoshi Suzuki, 22-2 2nd avenue, and Dave Masuoka, 23-3 Porter's Cap avenue.

Seven Accused Of Bribery

Seven Center residents were arrested recently accused of attempting to bribe a civilian guard for special "speculative" privileges.

Placed under \$2000 bond for each, the seven were charged with offering a \$50-a-week bribe to a guard to permit gambling games in the barracks.

The seven are Robert Hosi, George Sasihara, Fred Toshi and George Nakashima, Masami Kusunaga and Atushi Endo.

The feminine camouflage workers who were up on top of the efficiency ratings during June and part of July now face competition from male workers.

The statistical board shows the man-hour lead fluctuating daily between men and women.

We like the spirit of women who work on the nets. Then given a choice of working a half or full day, 60 per cent stayed on for a full day, Aya Yoshii said. She's in charge of girls' welfare.

"Are you a member of the Braid Brigade?" Miyuki Aoyama asks. "If so, you may be violating the Freedom of the Press," she quips.

Speaking of feminine activity, the hens are doing all right. They are producing eggs at a rate 16 per cent greater than last year, McCall's Washington Newsletter reports.

Draft Delinquents Sign Monday

Delinquents are asked to register at 21 Man o' War avenue between 2 and 4 p.m.

CENTER DENTAL CLINIC RATED ONE OF BEST

Equipment valued at thousands of dollars, much of which is owned by staff members, makes Santa Anita's dental clinic one of the best of all centers.

The staff, headed by Dr. H. K. Kawamoto, handles 200 to 250 patients a day.

The type of work done by the clinic is limited by the United States Public Health service to emergency and preventive dentistry and does not include bridgework and fitting of dentures unless absolutely necessary for the health of evacuees.

The service does, however, include temporary filling of cavities, relief for toothaches, X-raying, treatment of accidental injuries and acute infections in the mouth and the repair of dentures. The clinical equipment includes a complete set of surgical instruments, examining and plastic instruments and dental engines.

Shortages Limit Canteen Stock

Inability of vendors to deliver goods is the reason for limited stocks in the Center's three canteens, the director of the Service division explained today.

Articles such as toothpaste and powder have been ordered but the shortage of merchandise and tire rationing has complicated delivery, it was said.

Garbage, bottles and

contents of chamber pots should not be dumped into them, it was stated. The proper receptacle for garbage are the cans behind mess halls.

Use of Trash Cans Explained

VISIT ILL FATHER

To visit their father who is seriously ill at the Tule Lake Relocation hospital, Fred Kaihara, 32-B 2nd avenue, and his sister, Mrs. Yuri Sada, 28-4 Porter's Cap avenue, left for the northern center Tuesday.

They received word from their brother, Henry, and were escorted in a police car to the Los Angeles Union station where they boarded a north-bound train at 7:15 p.m.

Story of the Week: Eureka! A Gold Mine

El Joaquin, the ably-edited newspaper of the Stockton assembly center, is the source of this Story of the Week:

South Africa has its diamond mines, Alaska its gold mines, Siberia its platinum mines, but, brother, the Stockton Assembly Center has its gold mines.

The 8th hole of the Stockton Municipal Golf Course runs parallel to the horse stalls at Block 10

and, as is the custom with golf players, balls are sliced by the dozens into the Stockton Assembly Center.

Several enterprising residents of the Center have been mining for golf balls and have found to date 180 to 190. They have sold 120 of them for an approximate sum of \$10 or 8 cents per ball.

To top this off, they also found a good No. 3

wood on "this side" which some "duffer" probably threw over in disgust.

It is also claimed that one of these shiny white "rocks" crashed through a barrack window in Block 7.

With the national rubber shortage and the stoppage of the manufacture of golf balls, the miners are assured of extra cash as long as golfers play on the eighth hole.

And they probably will.

Nothing New

The National Student Relocation council is a part of the War Relocation authority and this Center is merely cooperating with that agency, the director of the Service division announced today.

Any news from the WRA will be released immediately, he said, but nothing has been forthcoming since questionnaires were delivered to that agency.

PACK OF THE MONTH

Patterned after the Boy Scout Troop of the Month contest, Center Cub Scout packs will compete in a Pack of the Month contest beginning this week, it was announced today.

Points will be gained by advancement, membership, attendance and cleanliness.

Yoshiro Befu and Hiromi Taketoshi are in charge.

BANK EXPANDS FUNCTIONS

All business normally conducted in any bank is handled in the Center at the local branch of the Bank of America, R. L. Walker, manager, stated today.

He also asked residents to note that the bank is open every Tuesday, Wednesday and Thursday from 9:15 a.m. to 3 p.m.

Besides cashing checks, the bank will handle new accounts, transfer accounts, money orders, traveler's checks and will assist residents in any business requiring a bank's help.

BABA HONORED

The 88th birthday of the Rev. Kosaburo Baba, one of the oldest men in the Center, was celebrated Wednesday in front of the hospital.

A large birthday cake was presented to the retired minister by a group of Center women. About 40 guests attended.

UEDA FAMILY BUYS BONDS

One family in the Center which is investing heavily in the final victory of the Allied nations over the Axis is the Uedas.

This week Robert S. Ueda placed \$2800 worth of U. S. Series "G" War bonds in the name of his three children, Harold, 11, Charles, 9, and Alice, 7.

This makes a total of \$6800 worth of U. S. War bonds that the Ueda family has bought.

The Uedas reside at 28-5 Equipoise Avenue.

Scout Campsite Rules Revealed

The Boy Scout council today reminded Center residents that the campsite west of the main track is reserved for Scouts.

Recently, people have come on the plot uninvited by the Scouts and have destroyed crafts in their eagerness to get wood.

Organized groups wishing to use the site are asked to see Les Abe, Scout director, at least three days in advance.

It was also announced that overnight camping is a possibility and advises all troops to be ready to camp.

COOKING TESTS SOON

All Scouts who are to take the first and second class cooking tests at the campsite 6 p.m. Tuesday must be prepared with their partners and utensils, the Scout Headquarters said today. Shig Inamura is still taking sign-ups.

Set of 'Twins' Causes Confusion

A set of "twins" who are not even related to each other is the boast of the Orange mess.

The two are Martha Nitao and Kimi Tamura whose resemblance is so striking that they are often mistaken for twins or, at least, sisters. For a while the look-alikes caused a mild confusion among their fellow workers.

CLASSIC HOUR PROGRAM

Dr. Tsuchiyama Goes 'LOHENGRIN' TO BE PLAYED

Dr. Tommy Tsuchiyama, first supervisor of women camouflage workers, left for Poston Monday to take a position as government anthropologist.

Dr. Tsuchiyama is a research worker for the Rockefeller foundation.

Mountain View Donation

Boy Scout Troop 35 today acknowledged a donation of \$25 from the Mountain View Japanese American Citizens league.

The money will be used to purchase equipment and supplies.

Wagner's prelude to "Lohengrin" will be one of the featured records on tomorrow's Classic Hour at the Grandstand, 6:30 p.m.

Included on the program is Chopin's "Fantasie Impromptu," Wagner's prelude to "Lohengrin," Rossini's overture to "The Barber of Seville" and Bach's "Brandenburg Concerto."

Records were loaned by Ruth Watanabe, Asami Kawachi and Mrs. Tanabe. Miss Watanabe will comment on the composers and their works.

STRONG DODGERS TACKLE AZUCARS

The best game of the A hardball season is promised as the powerful Dodgers and young Azucars meet at England field tomorrow, 2 p.m.

Both teams have gone through four rounds without a defeat and tomorrow's game may determine the championship.

Most followers of the game tab the Azucars over the Dodgers in the field, but believe that the Dodgers

have more power at the plate and should be rated as favorites.

Art Kitahara, one of the few pitchers who can hit, will be the starting hurler for the Azucar nine and Kiyoshi Murakami is to pitch for the Dodgers.

Leading hitters on the Dodger outfit are Tak Kobayashi and Babe Nomura, both of whom are hitting at a .500 clip, and Karl Iwa-

shita, batting .455.

Carl Shimizu, with a .575 average; Tom Okagaki, .462, and Jimmy Nagahara, .455, are the top Azucar batsmen.

Two factors may help the cause of the youthful San Jose lads. First the Dodgers may not be in top shape as they just played Three Star yesterday and second, their only catcher Dick Kunishima is hampered with an injured finger.

Victory Through Second Front

In the evening of July 22 of this year at Madison Square park in New York, a crowd of 60,000 persons, previously cautioned not to interrupt with applause, sat tensely listening for fourteen minutes to the voice of Charles Chaplin as he spoke to them by telephone from Hollywood.

The occasion was a rally to support President Franklin D. Roosevelt for the immediate opening of a second front to hasten the final victory over Hitler and the axis.

The rally, after hearing messages from many other prominent Americans, sent a letter to the President pledging every needed sacrifice to carry out his policies to win the war.

This was no attempt, as appeasers and isolationists have implied, to dictate military strategy to those military leaders now charged with the responsibility of winning a victory for the United Nations.

Chaplin, in his telephone message, says, "In the Allied Nations there is a difference of opinion as to whether a second front is possible now. We hear that the Allies haven't sufficient supplies to support a second front. Then again we hear they have. We also hear that they don't want to risk a second front at this time in case of possible defeat. That they don't want to take a chance until they are sure and ready."

"But can we afford to wait until we are sure and ready? Can we afford to play safe? There is no safe strategy in war...Note, official Washington and official London, these are not questions to create dissension. We ask them in order to dispel confusion and to engender confidence and unity for eventual victory. And whatever the answer is we can take it."

We, too, can take it--whatever the answer--if the answer will lead to democracy's victory over fascism.

We, that is, the staff, have made every attempt to join the Ten Per Cent club but so far to no avail.

This, of course, does not keep us from purchasing our tithe of War stamps but it does frustrate our attempt to promote a campaign to get every department in the Center into the Ten Per Cent club.

We wanted to be able to call Santa Anita assembly center the Ten Per Center.

Part of our campaign plans called for a bevy of our more glamorous girls to give kisses to every man buying a War bond. All this, you see, to give us the chance to say that the sale of War bonds at Santa Anita was going ahead by lips and bonds.

More shrdu

We remember wishing the Manzanar Free Press good luck in their switch to a printed sheet and that they would have the minimum of piled stuff. For readers who have been inquiring about the meaning of 'pi,' we give an example from the Free Press:

"It has become increasingly clearer to far-thinking nisei that we cannot remain the tyranny of fascist forces in Europe and Asia the truth is clear and evident that democratic forces of the world are defending the most elementary human rights of freedom."

We're sure--anyway, we think that the copy read differently.

Comic human

The new T-shirts being sported by the PACEMAKER staff draw many obvious sighs because of Lil Neebo leering out with all his ingratiating charm.

A reader from San Francisco says of Lil Neebo that he 'is sly, pious, fraudulent, full of good intentions, and in general is as human a comic character as there is in that field.'

To which Neebo replies indignantly, 'What an insult! No, human!'
