

CONSTRUCTION NOTICE

June 30, 2025 through August 29, 2025

Slurry Sealing and Re-Striping

ATTENTION RESIDENTS, BUSINESSES, AND PROPERTY OWNERS

WHAT

The City of Arcadia has awarded a contract to American Asphalt South, Inc. for the Fiscal Year 2024-2025 Annual Slurry Seal Project. Your street will be slurry sealed as a part of this project.

WHEN

Slurry work for the entire project area is scheduled to begin on Monday, June 30, 2025, and will be completed by Friday, August 29, 2025. There will be one day during the slurry seal project when your street and/or alley will be closed to all vehicular and pedestrian traffic. The contractor will notify you for at least 48 hours, by door hanger, prior to any work being performed on your street.

WHERE

The slurry seal project will take place on City streets north of Live Oak Avenue from West City Limits to Santa Anita Avenue, south of Lemon Avenue from West City Limits to Holly Avenue, south of Longden Avenue from Holly Avenue to Santa Anita Avenue, El Capitan Avenue from Live Oak Avenue to north end of Cul De Sac, and south of Clark Street from Peck Road to East City Limits, north of Randolph Street from Peck Road to East City Limits, and east of Peck Road to east City Limits. A map indicating the streets for slurry is located on the back of the notification. The map and dates that each street will be slurry sealed will be available for review on the City's website (www.ArcadiaCA.gov) prior to slurry seal application. The map will be updated as the project progresses and should be checked regularly for changes.

WHAT TO EXPECT

- "No Parking" signs will be posted to indicate the date and time that roads will be closed.
- No parking or driving will be permitted on your street on the day your street is slurry sealed. Emergency and safety vehicles are excluded from this restriction.
- Road closures will remain in effect for approximately ten hours (7:00 AM to 5:00 PM).
- Slurry sealing will not take place on weekends.
- Mail and trash services will be coordinated with the City's service providers and will resume as usual.
- Large delivery trucks will not be permitted to drive on your street or to deliver large items on the same day your street is slurry sealed.
- Road slurry sticks to bicycles, cars, clothes, and shoes. Please do not walk, ride, or drive on fresh slurry until the road is open to traffic.
