

City of Arcadia
Film Permit
Still Photography
Application

Welcome to Arcadia. You have made an excellent choice in selecting our community for filming. The picturesque background of the San Gabriel Mountains, the expansive Santa Anita Park, the idyllic Los Angeles County Botanical Garden (formerly the Arboretum), busy Westfield Shopping town, and the beautiful homes on tree-lined streets provide a variety of settings for your production.

In addition to the film-friendly environment of the community, our City staff makes every effort to assist you through the permit process. The attached information packet, with step-by-step instructions, provides all the forms and guidelines you will need to apply for your film permit.

We pride ourselves on our helpfulness. If you should have any questions, please call our Business License official at (626) 574-5430.

Cordially,

Dominic Lazzaretto
City Manager

NOTICE TO FILM APPLICANT

The City of Arcadia desires to advise the film permit applicant that the City of Arcadia does not require the payment of any fee or donation separate from and additional to that required by City Ordinance for the submission of a film permit application.

Notwithstanding the foregoing, the City has been informed by all Arcadia Homeowners Associations, individually “Association”, that in order to mitigate any inconvenience to residents within the boundaries of the Association, the Association would appreciate consideration by the applicant regarding making a donation to the Association. The Associations have suggested that a donation be two hundred dollars (\$200.00) for the first day of each production and seventy-five dollars (\$75.00) for each day thereafter. The City of Arcadia advises the film permit applicant that the amount of any such donation is a matter for the applicant to decide, and any such donation should be made directly to the Association (and not the City of Arcadia).

A list of Homeowners Associations within the City and the appropriate contact person is available on the City’s web site:

1. www.arcadiaca.gov
2. Click on “About Arcadia”
3. Click on “Homeowner’s Association Area Map & Members”

CITY OF ARCADIA FILMING INFORMATION AND GUIDELINES

Film Permit:

Is required for motion pictures, television shows, commercials, videotapes, and commercial still photography. Charitable and student films must obtain a permit and reimburse the City for the cost of personnel and equipment but are exempt from permit fees.

Charitable organizations must qualify as such under Section 501(c)(3) of the Internal Revenue Code. Student film productions will require written confirmation of their status from the educational institution where the student is enrolled.

The provisions of this policy do not apply to the news media, or to an individual taking photographs or video for non-commercial purposes.

Fee Schedule:

Basic fees are \$184.95 for the first day and \$81.89 for each additional day and/or for each additional location where filming will be conducted. Still photo is \$195.95, which includes a \$10 processing fee and \$1 per SB 1186.

Additional fees will be charged at the prescribed rate for police and/or fire personnel when they must be present at the scene. Use of any City owned equipment, property, or signs is an additional charge.

Receipt of the total estimated fees is required prior to filming. If the estimated fees are less than the deposit, a refund will be processed and should be received within three (3) weeks from the completion of your filming. If the City services you receive exceed the estimated fees, your company will receive an invoice of the balance due from the Administrative Services Department.

Insurance Requirements:

Applicant shall maintain public liability and property damage insurance to protect the applicant and the City during the entire period of the production in the amount of not less than one million dollars (\$1,000,000). The certificate of insurance shall show the City of Arcadia and Arcadia Redevelopment Agency (if applicable) as an additional insured when applicable. The certificate shall not be subject to cancellation or modification until after thirty (30) days written notice to the City of Arcadia. The City Attorney must approve it.

An applicant shall conform to all applicable federal and state requirements for Workers' Compensation Insurance for all persons operating under a City permit and shall provide proof of such coverage satisfactory to the City.

Charitable and student films are eligible for exemption from the insurance requirements subject to approval in writing by the City Manager or designee.

Submit Certificate of Insurance to:
City of Arcadia
240 W Huntington Dr
Arcadia CA 91007

Fax Number: 626-821-4336

Indemnity/Hold Harmless

Neither the City, its officers and employees shall be responsible for loss or damage to the property or person of applicant or applicant's agents, officers, or employees. Applicant (permittee) shall defend and indemnify the City

with regard to any claims, losses, suits, liability, or damages that arise out of or are in any way related to this permit and the activities of permittee hereunder.

Applications:

Must be submitted a minimum of five (5) working days prior to the proposed filming activity. Working days are defined as days that City Hall is open. Productions involving traffic control, special effects, fire watch, or other conditions where City personnel must be assigned will require a minimum of two (2) additional days for processing.

Film Location(s):

Must be listed by numerical and street address, as well as business name, if the filming is in a commercial area.

Dates & Times of Filming Activity:

Filming is allowed between the hours of 7:00 a.m. and 10:00 p.m., Monday through Saturday. Sunday filming is allowed from 9:00 a.m. until 7:00 p.m. in commercial areas only.

*Important Note: No Sunday filming is allowed in any residential area of the City.

Requests for filming beyond the permitted hours or overnight filming permits must have the approval of the City Manager or designee.

Filming is limited to three (3) times per quarter in the residential area, which could include more than one day of filming under the same permit.

City Personnel Requirements:

1. Traffic Control - All productions involving traffic diversion or intermittent traffic control (ITC) require the assignment of Arcadia Police officers. This includes any placement of cameras or filming equipment upon any sidewalk, street, or roadway.
2. Special Effects - All pyrotechnics, explosive charges, discharge of firearms, helicopter use, burn scenes, or other effects or stunts which may cause disruption to the surrounding area, unduly alarm or concern neighboring residents and/or businesses or pose a potential for danger will require the assignment of police and/or fire personnel. A permit is required from the Arcadia Fire Department.
3. Use of Generators - The use of all generators will be evaluated by the Arcadia Fire Department. Use of generators at the Botanical Garden (Arboretum), in any brush-covered lands, or any other locale deemed a fire hazard area will require the assignment of fire personnel.
4. Obstruction or Hazard Areas - Fire personnel will be required on all interior productions where generators, lights, or other filming equipment present a fire hazard and/or where set decorations or props may obstruct exits, access ways, or other building fire protection systems.
5. Tents - A permit is required for tents over 200 sq. ft. and canopies over 400 sq. ft.
6. Temporary Structures - All temporary structures will require inspection by the Arcadia Fire Department and may require the assignment of a Fire Services Officer.
7. Production Size - Any film production with a staff of over 40 people and/or more than 15 production vehicles will require the assignment of police officer(s) to ensure compliance with permit conditions and to

mitigate any parking, noise, congestion, or problems that might unduly effect the surrounding areas or quality of life of neighbors.

Police Officers are assigned for a six (6) hour minimum. The number of officers assigned to a production and the length of time they will remain on site is determined by the City Police Department on a case-by-case basis.

Fire Safety Officers are assigned as required by the State Fire Marshal and/or City safety regulations. They are assigned for a six (6) hour minimum. The number of Fire Safety Officers and the length of time they will remain on site is determined by the City Fire Department on a case-by-case basis.

Police officers and firefighters are employees of the City, not the production company. They will enforce all permit requirements, laws, and City regulations.

A twenty-four (24) hour written notice is required if you need to cancel or change call times or make staff changes. Contact the Business License Office at 626-574-5430; office hours are 7:30 a.m. to 5:30 p.m., Monday through Thursday and alternate Fridays 7:30 a.m. to 4:30 p.m. If you need to make changes when the Business License Office is closed contact the Police Department, Watch Commander, at 626-574-5156 and the Fire Department, Truck Captain, at 626-574-5102.

Cancellations are to be done in writing to the Business License Office and must be received at least 24 hours in advance of filming. Cancellations within 24 hours of filming are subject to Police and Fire minimum fees.

Exception: Any filming, regardless of the number of people and/or vehicles, which is determined by the City Manager or designee to be of a potential public safety problem may require the assignment of police officer(s).

Permission of Neighbors/Businesses:

Notification shall be provided to all residents and/or businesses within a 250 foot radius of the proposed film location property lines. Signatures shall be obtained from at least 75% (Form #4) of those residents/businesses affected by the film production. Said signatures shall be on a form provided by the City detailing the proposed filming activities including times, dates, parking, traffic control measures, etc.

Site Parking:

When parking production vehicles in residential neighborhoods, all vehicles must be parked on one side of the street. Such parking allows for the free movement of persons residing in the area and access for emergency vehicles.

In residential areas, actors and crew must be brought to the scene by bus or other single transportation.

A parking plan (Form #5) for production vehicles must be submitted with the permit application.

No Parking Signs:

Whenever the posting of "No Parking" signs is required, acquisition of signs from the City and the posting shall be the responsibility of the production company. For compliance with California Vehicle Code regulations, all posting must occur at least 24 hours prior to the start of the no parking period. Signs must indicate the dates and time the temporary "No Parking" is in effect.

Overnight Parking:

Overnight parking of vehicles on city streets is prohibited in Arcadia. Large productions involving multiple days of filming may request permission for overnight parking. Overnight parking requests will be evaluated on a case-by-case basis and approved by the City Manager or designee.

Fire/Life Safety Requirements and Specialized Permit Conditions:

Specialized permits shall be required from the Arcadia Fire Department for productions using tents, canopies, and air-supported membranes and structures.

A separate specialized permit is required when special effects and/or pyrotechnics are used. (See section entitled "Fire Department/Fire Prevention Bureau Standard Operations Procedure Fire/Life Safety Requirements" included in this application packet).

Any helicopter use shall require the approval of the Arcadia Fire Department, the Arcadia Police Department and Development Services Division.

All productions shall adhere to the requirements of the State Fire Marshal and the Arcadia Fire Department with regard to fire/life safety issues. (See Arcadia Fire Department handout for specifications and regulations.)

Clean Up Measures:

The permittee shall conduct operations in an orderly fashion with continuous attention to the storage of equipment not in use and the clean up of trash and debris. The area used shall be cleaned of trash and debris upon completion of shooting at the scene and restored to the original condition before leaving the site. Clean up costs incurred by the City will be deducted from any potential refunds or billed to the production company.

Revocation of Permit/Denial of Application:

The City Manager or designee may revoke the film permit if any of the following circumstances occur:

1. There has been a misrepresentation in the permit application with respect to the nature of the film activity, the number of personnel or equipment, or other relevant matter.
2. Where the filming activity, as conducted, has become a hazard to persons or property, or unduly disruptive to neighboring residents and/or businesses.
3. Where the film activity goes beyond the hours specified in the film permit.
4. Where any provisions of the fire/life safety requirements have not been corrected after notification by police/fire personnel.
5. For failure to comply with insurance requirements and maintain satisfactory insurance at all times during applicant's activities in the City.
6. Failure to abide by and comply with the terms and conditions of this permit. Revocation for any of the reasons set forth above shall be grounds to deny subject applicant subsequent permits.

CITY OF ARCADIA FILM PERMIT APPLICATION INSTRUCTIONS

The film permit packet you have received is designed to provide you with all the forms and information you will need to complete your film application process. Please read the material carefully. If you have questions after reviewing the packet, the City Business License official will be happy to assist you.

Submit your application to:

City of Arcadia
Development Services Department, Business License Office
240 West Huntington Drive
Arcadia, California 91007
Phone: (626) 574-5430

1. The entire application must be completed before processing can begin. **Incomplete applications will not be processed.**
 - a. **Film Permit Application** (Form #1) - is your primary information form for the City. Please note the film cancellation policy and waivers as your signature binds you to the agreement.
 - b. **Permission to Use Property Form** (Form #2) - is required for all filming on private property (commercial or residential).
 - c. **Proposed Filming Activity Summary Sheet** (Form #3) - must be mailed or hand delivered to all residences and/or businesses within 250 feet of the film location.
 - d. **Permission From Adjacent Area** (Form #4) - written authorization from property owners (residential and/or business) must be obtained from 75% of all persons within 250 feet of the production site. Carefully note the requirements at the top of Form #4.
 - e. **Parking and Location Diagram** (Form #5) - is required for all productions. Parking in residential areas is limited to one side of the street to allow for fire and neighborhood access.
 - f. **Rider for Film Permit** (Form #6) - after the initial application, any and all changes proposed for a production must be noted on this form and submitted to the Business License Office for approval.
 - g. **Estimated Fees for Filming** (Form #7) - a Business License official will assist you with estimating fees for your production. Fees must be pre-paid and filed with your application. If additional fees or charges are incurred, they will be billed to the production company after completion of the project.
 - h. **Pyrotechnics/Special Effects Permit** (Form #8) - must be submitted when any pyrotechnic device is used, or when special effects consist of explosive charges, discharge of firearms, burn scenes, or any other effects or stunts that pose a potential for danger or disruption to individuals or the surrounding area.
 - i. **Helicopter/Aircraft Permit** (Form #9) - any use of a helicopter, or aircraft of any nature will require the approval of the Police and Fire Departments as well as Development Services Department. Compliance with all FAA licensing and applicable regulations shall be required.
2. If you are claiming fee exemption as a charitable organization or student production, you must attach a letter from the school, or proof of charitable status as defined by Section 501(c)(3) of the Internal Revenue Code, at the time you submit your application.
3. Police officers and/or firefighters may be assigned to your production site pursuant to the requirements specified in the "Filming Information and Guidelines" handout.
4. The City is pleased to assist you in successfully completing your production. Adhering to the following will ensure that safety concerns are addressed and any chance of disruption on the site will be minimized:

- a. Have the location manager or production manager check in with the police officer(s) and/or Fire Safety Officer(s) on scene. The City personnel will be your liaison at the production site. If City personnel are not assigned to your production and you need assistance please contact the Business License Office.
 - b. Maintain a copy of your City film permit and all other necessary permits at the filming location. The permit(s) must be available for inspection by City staff upon request.
 - c. Check walking surfaces and be sure there are no obstructions or tripping hazards and that all cable or wiring runs are properly protected.
 - d. Obey all traffic laws and regulations. Ensure that equipment and vehicles are legally parked, clear of fire lanes, exits, and hydrants.
 - e. Do not obstruct driveways or other property. Free access to property must be maintained unless permission has been specifically granted in the permit to restrict an area.
 - f. If your production has been authorized for intermittent traffic control (ITC) or other traffic regulation, the officer(s) assigned to the production site will work with you to meet your filming needs. Keep in mind that traffic disruption must be kept to a minimum and the primary concern of the officer(s) is traffic and pedestrian safety.
 - g. The police officer(s) and/or Fire Safety Officer(s) assigned to your production are not for security purposes. If you require security, you must provide your own personnel or make prior arrangements with the Arcadia Police Department to hire personnel specifically for security assignment.
 - h. Carefully review the handouts on "Fire/Life Safety Requirements." This material provides you with information on all applicable codes and regulations with which you must comply while filming in Arcadia.
5. Upon completion of your production, we encourage you to comment upon the services you received from the City of Arcadia. You may direct your comments to the City Manager. It is our desire to have you use the City of Arcadia as a production site for future activity.
