

WaterSense Showerhead Rebate Application

Arcadia residents may apply for the City's showerhead rebate for qualifying models purchased after January 1, 2019. A successful rebate application is contingent upon meeting the rebate terms below. According to the US EPA, an average family could save approximately 2,900 gallons per year and 370 kilowatt hours of electricity by installing WaterSense labeled showerheads. Whether you are replacing an older showerhead or simply looking for ways to be more water efficient at home, look for the WaterSense label when purchasing showerheads to help you identify models that save water and perform well.

Name: _____ **Water Account Number:** _____

Phone: _____ **E-mail:** _____

Purchase Date: _____ **Purchase Price:** _____

Make: _____ **Model:** _____ **Quantity:** _____

Rebate Terms:

- Rebate amount: Half the cost per showerhead for a maximum rebate of \$25 each; up to 4 showerheads per household.
- Only new showerheads purchased after January 1, 2019 may qualify.
- Showerhead flow must be 2.0 gallons per minute (GPM) or less and display the Watersense label, as shown below. For reference, visit www.epa.gov/watersense/showerheads
- The signed and completed application must include a copy of the purchase receipt.
- Rebate checks are non-assignable and will be mailed directly to the applicant.
- Application/rebate processing may take up to 6-8 weeks.
- By participating in this program, you waive and release the City from any and all claims and causes of action arising out of the installation or use of rebated item.
- The City does not guarantee participation will result in a lower utility bill.
- This program can be subject to change or termination at any time.
- Your rebate application may be emailed to PublicWorks@ArcadiaCA.gov or mailed to:

Public Works Services Dept.
