The Arcadia Municipal Code 3214.3 prohibits on street parking between the hours of 2:30 A.M. and 5:30 A.M. unless certain special circumstances arise. This permit is granted for passenger vehicles and trucks under 6,000 lbs. Parked cars must be removed within 72 hours. Additionally, vehicles may not exceed 7 ft. in height or width. **Annual permits for motor homes are not authorized.**

**BASIS FOR PERMIT** - The law allows permits to be granted only where: A) insufficient space exists on your property or apartment area, and B) additional parking space cannot be provided or constructed anywhere on the property, and no spaces previously provided for parking have been converted to other uses. e.g. Converting garage to living or storage space.

Any outstanding parking Citations must be paid or the Permit will not be issued.

**Permit is valid for the license number, make and model of the vehicle for which such permit is requested.**

**The application requires a signature attesting to the facts. If you do not qualify under these conditions, it would be advisable not to apply!**

In the event that you receive a permit and it is later determined that you do not meet the above criteria, the permit will be revoked and **your application fee will not be refunded.**
